

Assessment of the course titled "Pornography and Education: A Comprehensive Approach to a Global Problem"

Along February, the Basque Youth Observatory has organized two courses of its 2023 training plan

Along February, the Basque Youth Observatory has organized two editions of the course **"Pornography and Education: A Comprehensive Approach to a Global Problem"**. The general objective of the course was to analyze how pornography is influencing the construction of the collective erotic imaginary of people in order to know where and how to apply educational counterweights to minimize this influence.

The course was given by **Raúl Marcos Estrada, psychologist and sexologist of the Centro Sexológico Emaize**.

The courses have been attended by 34 people with the following professional profile:

- 41 % people working in formal education, such as guidance counselors and teachers.
- 35 % have been people working in the youth field (staff of youth information offices, city councils, county councils and youth associations, socio-educational intervention teams and other entities).
- 24% were people not exclusively involved in working with young people.

The courses took a total of 10 hours spread over two sessions and the average assessments (on a scale from 0 to 10) provided by attendees were as follow:
